

# Hajj 2017 application & Pre-Registration

As per an independent survey, approximately 6000 people could not travel for Hajj in 2014. There are few main reasons which are as below:

- 1) Shortage of Hajj quote by 20% due to Holy Haram expansion project
- 2) Heavily increasing demand and desire to go for Hajj among Muslims in USA and around the world
- 3) Less number of reliable Hajj companies with their limited Hajj visa quota.

It is estimated that 2015 will also be another tough year to get on board for Hajj as many people who could not go are in waiting que. Many travel agencies in United states are already pre-sold for Hajj 2015. It is not recommended to wait till last minute to get cheaper deals but to get pre-registered for Hajj with a reputable company.

Labaik Tours, an IATA licensed and accredited Travel agency has started taking Hajj 2015 applications.

## The pilgrimage to Mecca, The

# Hajj

The pilgrimage to Mecca, The hajj is obligatory and religious duty for all adults who're physically and financially capable of making the journey. Hajj is the largest annual religious celebration and gathering of human being on the face of Earth.

It is the last pillar of Islam. These pillars are what every Muslim must follow and practice in order to take into account themselves practicing Muslims. Pilgrims visit the holy city of Mecca and perform the rituals through the specific days of Hajj. These days starts from the Islamic calendar dates from 1st Zil Hajj to 12 Zil Hajj.

Before coping with any Hajj packages providing company, visit its website and focus it deeply to understand sorts of services the corporation offers. There are numerous tour operators all over world offer Hajj and Umrah packages to Muslim. It is important to understand the Hajj Package type. some companies offering VIP Hajj Packages and some offering standard Hajj Package. The difference between these packages are mostly the type of Mina tents and services which a person will get. The tents in VIP Packages are much closer to Jamarat the place where Muslims through the stone on Devil on 10th Zil Hajj VIP Hajj packages are usually very expensive and in the range of from \$9000 to \$14000. While the standard packages are in the range of \$6500 to \$8500. Most of the time the Hotels in Makkah are same but only major difference is the tents which only required for minimum 3 days. So you have to analyze if it's really worth to spend huge amount for getting VIP tents. I's all depend on your budget. In Normal and non-VIP Hajj package indeed it's convenient in VIP Tents based Hajj Package to quickly reach to stoning place while on the other hand the standard hajj packages have North American Minah tents which are at the distance of about 3 miles and which takes some times from 45 minutes to 1 hour to reach to the destination. If a person can afford VIP Package then it's

depend on him but we must not forget that the more we do hard work and walk , we get the reward on every steps. Also if we wants to do hajj according to sunnah then we must not forget how the Prophet Mohammad (PBUH) and his companion use to perform hajj 1400 years ago. An the reward for this type of hajj is also very high. An accepted Hajj has reward nothing but Janna'h the paradise. So this is a person's choice how much luxury hajj he wants or wants to follow the foot steps of the Rasool-Allah Salllaho alaihay wasalam.

## **Testing the Elements**

This is some dummy copy. You're not really supposed to read this dummy copy, it is just a place holder for people who need some type to visualize what the actual copy might look like if it were real content.

If you want to read, I might suggest a good book, perhaps [Hemingway](#) or [Melville](#). That's why they call it, the dummy

copy. This, of course, is not the real copy for this entry. Rest assured, the words will expand the concept. With clarity. Conviction. And a little wit.

In today's competitive [market environment](#), the body copy of your entry must lead the reader through a series of **disarmingly simple thoughts**.

All your supporting arguments must be communicated with simplicity and charm. And in such a way that the reader will read on. (After all, that's a reader's job: to read, isn't it?) And by the time your readers have reached this point in the finished copy, you will have convinced them that you not only respect their intelligence, but you also **understand their needs as consumers**.
