

Hajj 2017 application & Pre-Registration

As per an independent survey, approximately 6000 people could not travel for Hajj in 2014. There are few main reasons which are as below:

- 1) Shortage of Hajj quote by 20% due to Holy Haram expansion project
- 2) Heavily increasing demand and desire to go for Hajj among Muslims in USA and around the world
- 3) Less number of reliable Hajj companies with their limited Hajj visa quota.

It is estimated that 2015 will also be another tough year to get on board for Hajj as many people who could not go are in waiting que. Many travel agencies in United states are already pre-sold for Hajj 2015. It is not recommended to wait till last minute to get cheaper deals but to get pre-registered for Hajj with a reputable company.

Labaik Tours, an IATA licensed and accredited Travel agency has started taking Hajj 2015 applications.
